General Regulations.

1 The Exhibition grounds and buildings will be opened on *Monday, September 27th*, at 8 o'clock, a. m., and continue open during the day for the reception and arrangement of Exhibition articles and animals. Exhibitors, on arrival, will immediately report themselves at the office of the Secretary, who, with the assistance of the Committee of Management, will allot appropriate pens or space for their exhibits. This day none but members of the General Committee, Officials, Exhibitors, and necessary attendants will be admitted.

2. All articles for exhibition must be on the grounds on Monday, Sept. 27th, after which day none will be received except Live Stock, Flowers and other perishable articles, which will be received up to 8 o'clock on Tuesday morning, Sept. 28th; unavoidable delays to be dealt with at the discretion of the Executive. All necessary erections and bulky articles requiring to be put together on the grounds or in the buildings, must be finished and all rubbish removed not later than 12 o'clock on Saturday, Sept. 25th, as no such work can be permitted during the show week.

3. The Exhibition will be open to the public on Tuesday, Sept. 28th, at 2 o'clock p. m., when an opening address will be given. The grounds and building will be open each succeeding day to visitors, from 9 a. m. to 5 p. m. Admission 25 cents. Children 10 cents. Bands of music will be in attendance.

4. The Judges will meet at the Secretary's office, on Tuesday, Sept. 28th, at 9 a. m. to obtain entry books, and proceed to award premiums. On completing their work, which must be finished by Wednesday noon, they will hand over their books and reports to the Secretary, and will be furnished with the requisite prize tickets, which it will be their duty to place carefully, and as soon as possible, upon the various articles.

5. Exhibits may be removed from the grounds on Friday afternoon, October 1st, immediately after the closing address has been delivered. The Treasurer will commence to pay premiums on the grounds at 9 a. m., on Friday. Prizes not claimed within three months from the close of the Exhibition will be forfeited.

6. Every intending competitor must transmit to the Secretary, not later than the dates mentioned below, an entry paper containing a correct list of the animals or articles which he intends to exhibit, together with certificate of pedigree in the case of thoroughbred stock, or else a reference to the registry numbers of the new Nova Scotia Stock Register. Any competitor failing to transmit his certificate at the proper time will be excluded from competition. No fee is charged for the entry of animals or articles, except for trained horses, which will be charged one dollar each, to be paid at the time of entry.

should not be shown. The horses for which this entrance fee has been paid, may be removed at night to be returned in the morning. In Class 2, no animal will be accepted as thoroughbred unless actually registered in the new Nova Scotia Herd Book Register, or certified by the Executive Committee of the Board of Agriculture as duly qualified for entry.

7. Horses, Cattle, Sheep, Swine, Poultry, Grains, Agricultural implements, and manufactures of all kinds must be entered on or before Saturday, September 4th, three weeks preceding the show, and the age of each animal should be stated in years and months, at the date of exhibition; the precise date of the birth to be given when necessary.

8. Plants, flowers, Roots, Vegetables, and articles not elsewhere enumerated, may be entered up to Saturday, Sept. 18th, one clear week preceding the show.

9. Exhibitors of bulky articles, requiring extensive accommodation, must communicate with the Secretary on before Monday, Sept. 13th, stating what space they will require, in order that there may be time for the Committee to make the requisite arrangements.

10. Exhibitors will, in every case, give the necessary personal attention to whatever they exhibit. Necessary attendants upon live stock, and workmen actually required to attend to machinery, will be furnished with admission tickets (price 25 cents) with their names written upon them, which tickets will be good at the *Exhibition Gate only*, during the show, such tickets to be obtained from the Secretary, by personal application.

11. All articles for competition shall be the production or manufacture of the exhibitor, except where otherwise mentioned. Field produce must be the growth of 1880, and all live stock must have been reared in the Province, and owned by the exhibitor not less than three months prior to the exhibition, except such stock as are kept for breeding purposes, which may have been imported, but must have been owned by the exhibitor three months, as above, and other stock, which must have been in the Province and owned by the exhibitor for at least one year previous to the time of the Exhibition.

12. Articles from other countries, and especially from other provinces of the Dominion, are solicited, but not for competition. The Committee will have the power of granting a limited number of honorary certificates for such articles.

13. All expenses incurred for the conveyance of articles or animals to and from Kentville, placing them in the exhibition, and maintaining them while there, shall be borne by the exhibitors, who must likewise undertake all risks of loss or damage. Articles must, in every case, be delivered and unpacked, free of expense to the committee.

14. Each exhibitor will receive, from the Secretary, an entry ticket for every article to be exhibited by him, and he is required to affix such ticket upon the article or animal which he exhibits, or upon the stalls.

15. When there are fewer competitors in any section than the number of articles exhibited, are not of superior

merit, the judges shall report the same to the Executive before any award is made. No article can take two prizes, or be exhibited in two collections, unless the contrary is distinctly expressed in the prize list. In estimating the merits of live stock, the judges are requested to take age into consideration, where animals of different ages are competing against each other.

16. The committee are required to reject articles which they may consider unworthy or unfit for exhibition.

17. No person shall be allowed to enter for exhibition more than one specimen (or required quantity) in any one section or class. Neither will more than one exhibit in any section be admitted from one farm, under forfeiture of all prizes awarded to articles from such farm. This rule is not to apply to animals.

18. During the exhibition all vegetable products and manufactured articles shall be under the control of the Exhibition Committee, and all live stock shall be taken charge of by their owners, the committee giving all practicable assistance in providing the necessary accommodations and food. Hay, straw, oats and roots will be supplied on the grounds, at reasonable prices, and there will be a free supply of water.

19. Articles sent for competition or exhibition shall not be removed from the exhibition rooms or grounds till the time appointed, without special permission of the Executive Committee or Superintendent. The committee will, as far as practicable, make arrangements to facilitate the sale of animals and other exhibits; but they will not undertake any responsibility in connection with such transactions, and no auctioneer will be allowed to sell, by public auction, any animals or articles on the grounds or in the buildings, without permission of the committee, and under such regulations as they may find it necessary to impose.

20. Any person who shall attempt to interfere with the judges while in the discharge of their duties, or who shall attempt to influence their decisions by his presence or remarks, or who shall afterwards, within the limits of the show grounds, use any contemptuous or abusive language in consequence of any award made, shall forfeit his right to any premiums to which he might otherwise be entitled, and be otherwise dealt with as the committee may determine.

21. Any exhibitor who may feel aggrieved in consequence of any irregularity, is requested simply to draw the attention of the committee of the department, or of some members of the Executive Committee to such, without entering into any discussion apt to cause hindrance or distraction. Should he not receive what he may consider sufficient redress on the spot, he must, nevertheless, abide by the decision given; but he may at the close of the Exhibition, bring the matter before the committee by written statement, with a view to full enquiry.

22. No animal can be admitted within the enclosure that has not been previously entered in accordance with regulations 6 and 7, and animals of an inferior character, unworthy a place in the exhibition, will not be admitted under any circumstances.

23. ~~Screen will be provided for the purpose of~~

exhibition, subject to the approval of the committee, apart from such as are mentioned in the prize list. Awards of merit will be given for such, all of which exhibits must be entered on the Secretary's books, in the manner prescribed for those that come with the prize list.

24. Exhibitors must supply themselves with proper fastenings for safely securing the animals in their stalls. All bulls over one year old must have nose rings.

25. No person shall act as judge in any sub-class in which any of the exhibits are the produce of his own farm, nor in any other sub-class in which the same set of judges act.

PRIZE LIST.

Provincial Exhibition, 1880

Class 1. Horses.

In awarding prizes for Horses, the Judges are requested to take into account the age, size, training, style and soundness, as well as breed, and not to award any prize unless they consider the animal worthy of it.

Colts exhibited with their dams in sections 4, 10, 21, are eligible to compete in sections 17, 26; but no other animal in this class will be allowed to compete in more than one section.

Sub-Class 1. Thoroughbred Horses.

In this division none will be permitted to compete but such as furnish a complete pedigree,—tracing the entire line of the descent to the English parent on the sides of both sire and dam. The standard of authority for the pedigree of thoroughbred horses will be the English and American Stud Books.

Class 5. Poultry.

Old birds (hatched previous to 1869) to be shown in pairs; one male and one female. Chickens, (hatched in 1880) in trios; one male and two females. The exhibitors of poultry must attend to feeding and cleaning as in the case of other live stock.

All exhibits in this class must be shown in coops open only in the front, which must be made of wire or twine net, of large mesh. Proper appliances for food, water and cleansing, must be supplied.

The following dimensions have been agreed upon:—For Fowls and Ducks—Length, 3 feet; Breadth, 2½ feet; Height, 2½ feet.

For Turkeys and Geese—Length, 3½ feet; Breadth, 3 feet; Height, 3 feet.

For Bantams and Pigeons—Length, from 18 to 28 inches; Breadth, 12 inches; Height, 18 inches. Compartments may be made in coops for different varieties of Bantams and Pigeons. Coops to be made of planed lumber painted white—whitewashed or left of natural colour, at option of the exhibitor.
